

# eToro Options Data Disclosures

## Overview

Securities are offered through eToro USA Securities Inc. (“eToro”), a registered broker-dealer and member **FINRA** and **SIPC**. Additional information about eToro can be found by clicking [here](#). “eToro Options” is a product name used to refer to the options related mobile app and website. However, all securities, including options, are offered through eToro USA Securities Inc. As such, references to eToro Options should be considered a reference to eToro USA Securities Inc.

The eToro Options Data Disclosures document is intended to provide additional details regarding the content provided within the eToro platform. This document shows some, but not all of the data presented within the eToro platform, and is for information purposes. Please contact us at our help page with any questions [here](#).

Third party information posted to or presented on the eToro platform is not endorsed by eToro and should not be construed as investment advice, an offer or solicitation to purchase or sell any financial instrument. eToro does not endorse any third party content and it is expected that users vet third party information as to accuracy and completeness on their own. The information provided by third parties is not warranted as to completeness, timeliness or accuracy and is subject to change at any time, without notice. eToro reserves the right, at its sole discretion, to delete or edit any third party content posted within the platform. Any third party content posted on the platform does not reflect the views of eToro or any of their subsidiaries or affiliates. Any investment decision and/or strategy that is made is at your own discretion and risk. This is not an offer or solicitation in any jurisdiction where we are not authorized to do business.

System response, trade executions and account access may be affected by market conditions, system performance, quote delays and other factors. The risk of loss in electronic trading can be substantial. You should therefore consider whether such trading is suitable for you in light of your financial resources and circumstances.

## OPRA Data

OPRA data is presented within the eToro platform for options pricing data. Users must carefully read, agree to, and fully understand the [OPRA Subscriber Agreement](#) prior to using the eToro Options product. Users certify that they qualify as a non-professional as defined by OPRA, unless they have provided information to the contrary to eToro. Please see <https://www.opraplan.com/document-library> for additional information regarding OPRA data and also disclaimers you must be familiar with and agree to in order to use eToro Options.

## QuoteMedia

QuoteMedia is a technology company that delivers data to the eToro platform. They provide servers and resell data to us including options, equities and news data. For information on QuoteMedia along with disclaimers you must be familiar with and agree to in order to use the eToro platform, please see <https://www.quotemedia.com/legal/tos/>.

## CBOE

Cboe is the provider of equities data presented within the eToro platform. For information on CBOE along with disclaimers you must be familiar with and agree to in order to use eToro Options, please see <http://www.cboe.com/>.

## News

News content within eToro is sourced from QuoteMedia and Benzinga, among others. eToro does not explicitly or implicitly endorse or approve such content, nor does eToro give investment advice, or advocate the purchase or sale of any security or self-directed investment. eToro and third party data service providers do not guarantee the accuracy or reliability of this information. eToro shall not bear any legal liability to the user for any loss or damages arising from information delay, error, or omission of such data. For more information on these third party sources or their respective privacy policies, please refer to their respective websites.
